

## A MATTER OF TASTE

### ALL ABOARD

For a very special breakfast experience, ask your Concierge to book you a boat trip. You'll cruise Amsterdam's most lovely canals as you enjoy your breakfast, gliding past glorious old houses and passing under the countless bridges that span the ancient waterways.

### ON YOUR DOORSTEP

At Restaurant La Rive, show-stopping French-Mediterranean inspired cuisine with an Asian twist, accompanied by spectacular views over the river Amstel, await you. It's one of country's leading restaurants, and sure to be a memorable part of your stay.

### SEAFOOD SUPPER

To round off a musical evening at the Concertgebouw, a delightful spot for a little after-concert supper is the nearby Brasserie Bark. They specialise in seafood in all its glorious variety, and you can eat until midnight, so there's no need to dash off before the final encore!

## A SIGHT TO BEHOLD

### SADDLE UP AND RIDE

Join a half-day bicycle tour (or just couple of hours if you prefer) to see Amsterdam like a local – from the saddle. On the way you'll pass through some of the city's most beautiful areas and discover some of its lesser known history.

### THE STORY BEHIND THE PALACE

The Royal Palace is a building full of stories, and its superb collection of furniture, clocks and chandeliers, many dating from the Empire period, depict mythological heroes and beasts galore. Discover some of its rich history for yourself.

### A UNIQUE WONDER

Think of museums, and the Rijksmuseum and Van Gogh Museum immediately spring to mind. But seekers of the unusual should visit Electric Ladyland, the world's only museum devoted to the wonders of fluorescence, where strange, bulbous shapes are transformed, shimmering under UV black lights.

## A PARTING GIFT

### THE SWEETEST TOUCH

Huize van Wely, Amsterdam's most famous patisserie, makes the most delectable pastries, gateaux and biscuits. Choose from dozens of flavours of handmade chocolates to make up a personal gift selection. Perfect - if you can just resist eating them all on the way home.

### THE NINE STREETS

You could spend a whole day zig-zagging along 'De Negen Straatjes'. These small streets between the Prinsen, Keizers, Heren and Singel canals boast a delightful array of grocery, speciality and designer stores, as well as typical Dutch cafés and restaurants.

### DESIGNER SHOPPING

All the major fashion designers have a branch on P.C. Hoofstraat, the most exclusive shopping street in Amsterdam. When you've satisfied your inner fashion-maven, wander along to the Vondelpark for refreshments on the delightful terrace of the Vondelpark/3 café.
