ENRICHING EXPERIENCES FOR OUR GUESTS AND OUR ENVIRONMENT

We believe that a responsible meeting is not only what you experience in the meeting room but also knowing that your hotel respects the destination around it.

We're proud to partner leaders in geotourism, the National Geographic Center for Sustainable Destinations. Our ambition is that guests enjoy enriching experiences that reveal what makes a place truly special – its heritage, culture and tradition – and the importance of protecting it.

At InterContinental we use a holistic approach to being a responsible business: to work from the grass roots up, recognizing each individual hotel team as the experts best placed to use their local knowledge for developing community and environmental initiatives that meet the specific needs of the destination. This Insider Collection gives delegates access to some of these unique experiences, and for those meetings that stay in the meeting room, you can be assured our hotel is working behind the scenes to protect what is special about the place for fellow travelers.

SPEND PART OF YOUR MEETING AT ONE OF CHILE'S MOST FAMOUS VINEYARDS

Accompanied by a specialist guide, we invite you to take an exclusive tour of the world-famous Cousiño Macul Vineyard. Listen, spellbound, to tales of the Cousiño family and their passion for fine wine. You will also have the opportunity to learn about the winemaking process and to get a feel for the enormous changes that have been made over the centuries. Explore the equipment and machinery of times gone past and get the inside track on today's most advanced technology used in the manufacture of the vineyard's iconic wine: Lota, created to commemorate 150 years of the Cousiño Macul Vineyard.

Later, go back in time deep into one of Chile's oldest cellars, built in 1872 by French architects. This is where the family's private collection is kept, with bottles dating back to 1927.
